PINK SNAPDRAGONS PINK SOCIAL PADDLE

The Pinkies held their first social paddle of the year on Saturday 6 April.

After welcoming everyone and Donna taking the warm up, everyone headed out to help load the boats.

We were lucky enough to have 2 boats out on the water, on what was a glorious day. Christine from Redcliffe SnapDragons and Audra from Maroochydore Pink Sea Serpents were the two sweeps for the day.

Several new ladies were warmly welcomed as they stepped out of their comfort zone to try out Dragon Boating for the very first time, as were some of our lovely paddling friends from the Maroochydore Pink Sea Serpents.

After washing down the boats, everyone formed a circle and soundly sang the customary Pink SnapDragon's club song. As always it was sung with lots of pride and joy.

A great time was had by all, with some fun & games on the water, followed by the usual plentiful & delicious morning tea, supplied by our members.

End of the month the club held a Working Bee to help clean and tidy up the

PADDLERS' DEN. As always there were many willing volunteers ready to lend a hand and help out on the day.

With the majority of items moved outside, it was ready to get down and clean the floor with the help of the Katcher and brooms. The Katcher also came in handy when it came to cleaning the outside walls.

Other jobs that needed to be done were shelves being tidied and rearranged, filing cabinets sorted, gym equipment checked, stock take of all paddles and other equipment, fridge given a good clean both inside and out, just to name a few.

Extra care was taken when having the many club trophies dusted and cleaned. They were checked to see if any required any repairs before placing back in the shed.

“JAYNE’S GARDEN” was not overlooked as it was checked for any required weeding, fertilizing and/or watering.

After a great mornings effort, all the workers were treated to a BBQ where they were able to sit back, relax and admire the result of all the mornings proceedings.
