This was the first State Championship with Charlene as our coach and she was definitely pleased with the results for the club over the two days of the Championships

NATIONALS NATIONALS

These championships were held in Canberra this year. 11 club paddlers attended and the crews submitted were Senior A and B

Women 10's 200m and 500m.

Thanks to AusDBF allowing our exemption, **JENNY SHAPLAND** and **SHARON ROBERTS** from **Cooloola** and **Hervey Bay**, were able to join the club so that Redcliffe could be able to compete at these Nationals.

Some of the paddlers were able to attend a team training session on the Lake the day before the Championships began. With *Jason* as our sweep, the paddlers were able to venture out and paddle for the first time, for some of us, in the 10's pseing boat.

All those training sessions in the club 10's boat proved very beneficial to all paddlers as putting blades on the water once stopped paddling became automatic since it had been drummed into our heads.

Senior A Women 200m and 500m categories had 20 and 17 crews participating while Senior B Women had 16 and 17 crews.

Jenny swept both women's boats while Tahlia was our drummer for the Senior B Women and Lyn for the Senior A Women. Both crews advanced straight from their respective heats into the Semi Finals.

Senior B Women went on to race in their two Finals. 500m Final 4 out of the 5 crews racing were from Queensland (BRD, Manly, Currumbin, Redcliffe) while 200m Final saw 5 out of 6 crews also from Queensland (BRD, Manly, Currumbin, Sunshine Coast and Redcliffe).

Redcliffe Senior B 500m came 5^{th} in their final, as did Senior B 200m making the both crews the 5^{th} fastest in their respective divisions across the country for the Championships.

It was very tight racing for **3rd position in the Senior B 200m with only 0.97sec** separating **3rd and 5th.**

Redcliffe had their very own support crowd and cheer squad all kitted out in the Club shirts - looking very impressive and definitely standing out from the crowd.

Once the two days of Redcliffe's competition were over, it was time to celebrate the club's success.

This was done at a club dinner where everyone could relax and have a drink.... or two (maybe not too much for those who were to paddle the next day representing Queensland).

Club Assistant Team Manager during the two days of the Championships. If it weren't for his help and assertiveness at times, the days may not have run so smoothly.

Coach CHARLENE POVEY for all her time and effort in arranging extra training sessions and having the faith in her paddlers.

Club Team Manager ICIAR ARGUS for all the behind the scene organisation of getting teams registered etc.

JENNY SHAPLAND

SHARON ROBERTS
